A letter received just last week from a prisoner on the Emmaus Correspondence Course.

*to God, I have had a very turbulent life experienced much pain and suffering from an early child, violence, drugs, crime, alcohol, emotional trauma, psychological torment, homelessness and many years in prison and rehabilitation clinics. I am now nearly 4 years clean and sober and I am thoroughly enjoying life even though still in a prison I am finally free, through the salvation of Jesus Christ and I feel I have a purpose now and with God's strength, I feel I am capable of great things, I no longer live in fear, or feel ashamed of my past, I am a child of God and through his grace, I am saved yours thankfully
my God Bless you*
